

See It (Children are to put their hand up above their eyes pretending they are looking out at something dangerous.)

Feel It (Children are to wrap their arms around themselves and shake like they are feeling scared.)

What Should You Do (Children are to put their arms up and out like they don't know what to do.)

Yell (Children are to put their hands up around their mouth to be shouting for HELP.)

Tell (Children are to point outward toward an older person who they could tell about the dangerous situation that they are observing.)
